## DC-Digital DC-184 Clock/Timer Description

The DC-Digital Clocks are designed to be used in any application where a clock/timer is needed. This unique design can be used in either indoor or outdoor applications (weatherproof option required ). The model DC-184 is a 18" display, that runs off of AC or DC power which allows for maximum portability. It can be operated either by the case mounted controls or the RC-25 remote control for convenience timer control. It is mounted using two or more slide in rail type hangers. The DC-Digital clocks/timers are backed by a limited 2 year warranty. Custom options are available to suite many types of operations.
